DETAILED ACTION

Status of the Application

Acknowledgement is made of the receipt of the IDS filed 02/28/02, the Change of Address filed 04/22/02, Extension of Time, the Amendment and the Terminal Disclaimer, all filed 04/26/02.

Claims 1-42 are pending. Claims 1-42 are subject to an Election/Restriction requirement.

The applicant's response argues the separate patentability of a compartmentalized kit with separate formulations over the composition per se. Hence, restriction is being required between the two patentably distinct inventions.

Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-27 and 41-42, drawn to a treatment composition and method of using, classified in class 424, subclass 70.1.
- II. Claims 28-40, drawn to a kit and method of using, classified in class 424, subclass 400.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is proper.
